

College Of The Arts

Training and equipping generations of worshippers

For the artistically gifted it can be tempting to focus on the experience the gift provides. The lure to center on experience can lead an artist to minimize the importance of a biblical foundation that carries us from glory to glory.

Tabernacle Bible College & Seminary's **College Of The Arts** is a unique undergraduate through graduate school which focuses on training artists in a way that builds a strong theological foundation bringing balance to the partnership between theology and experience. COTA offers courses in church worship and worship ministry along with courses for the visual and performing arts. COTA is committed to equipping generations of worshippers through biblical education and encouraging individual achievement across the audio, visual and performing arts spectrum.

Certificate Programs

The Graduate Certificate in Worship Studies is designed with worship leaders in mind and equipping them to better serve the church as skilled, passionate leaders. This specialized program immerses students in context-specific study and practice of biblical and theological worship proficiencies which directly apply to the local church. Courses focus on developing knowledge and expertise to function in a variety of worship environments within the evangelical community.

Certificate Courses

Interested in furthering your education but aren't looking for a degree? We have individual courses that earn you a Certificate of Completion.

Worship Studies

Associate of Arts / Bachelor of Arts

The Worship Studies program focuses on improving the professional skill set and biblical foundations necessary to thrive in a variety of full time ministry and parachurch careers such as music pastors, church musicians, lead pastors, associate pastors, missionaries, youth pastors, Christian professionals working in music and arts related fields, and laypersons interested in pursuing study in Christian Worship. Also, this degree prepares artistic Christians to go deeper in their personal daily worship—walk with Christ, while giving them the biblical and theological foundations to understand the specialized and strategic role God designs artists to fill in life—leading people into touching the transcendence of God.

Worship Ministry

Bachelor of Arts

The Worship Ministry program engages a three pronged approach to developing the Christian Worship Minister focusing on theology, personal spiritual development, and practical application in ministry. This degree is ideal for those employed or planning to be employed in full time ministry such as worship leaders, church musicians, music ministers, choir directors, music directors, worship pastors, and Christian musicians. This degree is also excellent for lead pastors, associate pastors, and youth ministers who lead worship. This degree uniquely equips students with the skills necessary to answer the call of God on their lives as it pertains to leading worship; paired with an emphasis on personal spiritual growth and practical application.
